and musical equipment

Work Experience

Lead FrontEnd Developer

2016-2017

Heek | Paris, France

FrontEnd development of the app in AngularX (Typescript) and SaSS. UX optimisation and UI integration. I was also in charge of integrating users' templates

Freelance Web Developer

since 2014

Websites creation and development for professionals (PHP, JS, HTML5/CSS3).

Styleguides creation (Fonts, Color schemes)

Co-founder

2014-2015

Quaterside | Paris, France

Start-up specialised in creating bespoke interactive devices for art and retail.

I was software oriented (Max/MSP, C++) but also in charge of marketing and communication.

FullStack Developer

2014

PageYourself | Paris, France

Last year's 6 months internship in a web startup. I was a fullstack developer in AngularJS and Zend Framework.
